

## *HOW TO EAT EGGS*

# How to Eat Eggs, Fang Lu

Stills from 6-channel video, on Friction, 2009

Edition of 2500

How to Eat Eggs experiments with alternative ways to consume. In this series of six videos, I destroy eggs with different objects. The actions are awkward, useless and violent. They demonstrate what we can do with food once it has become inedible. The project attempts to reveal the absurdity in commodity culture, where the act of destroying something useless and perhaps even deadly can become another way of consuming.
